## MANUFACTURERS

## PRODUCT DESCRIPTION

**Aerco International**

High efficiency gas fired condensing boilers (dual fuel optional) and domestic hot water heaters. Single & double wall domestic hot water generators and OriGen Organic Rankine Cycle waste heat power generators (20kW – 1MW)

**American Wheatley HVAC Products**

Expansion Tanks, Air Separators, Suction Diffusers, Flex. Connectors, Triple Duty Valves, Flow Meters, Butterfly, Plug & Circuit Balancing Valves

**Alyan Pump**

Condensate & Boiler Feed Pumps, Heat Transfer Packages, F.O. Pump Packages, Domestic Booster Systems, Sump – Sewage Pumps

**Amtrol, Inc.**

Diaphragm Tanks, Air Separators, Well-X-Trol Tanks

**Canariis Corp.**

Packaged Domestic Booster and Pumping Systems

**Crane Pumps & Systems / Barnes, Deming & Weinman**

Pumps: HSC, End Suction, Vertical In-Line, Vertical Turbine, Condensate Return & Boiler Feed, Dry-Pit Non-Clogs, Sump, Sewage, Grinders, and Elevator Pit Sump Pumps

**Hamilton Engineering**

Gas fired condensing and non-condensing boilers and domestic hot water heaters, storage tanks, Peak water softeners, and packaged systems

**HOMA Pump Tech**

Submersible Sump, Sewage & Grinder pumps

**Ilios**

Gas engine driven air and water source water heaters and chiller / water heaters with COP's of up to 3.1

**Miura**

On demand steam boilers, 50 to 300 BHP, gas and gas / oil fired. Water softeners and Chemical treatment

**Plate Concepts**

Plate & Frame Heat Exchangers

**ReoTemp Instrument**

Thermometers & Gauges

**Security Chimney**

U/L Listed, Stainless Steel & Aluminum Gas Venting Systems

**Square D**

Variable Speed Drives, Soft-Starts and Motor Starters

**SWEP**

Brazed Plate and Plate & Frame Heat Exchangers

**Thrush Co.**

End Suction & In-Line Pumps, Heat Exchangers, Hydronic Accessories, Domestic Pressure Boosters & Heat Transfer Packages

**TraceTek**

Leak Detection systems for Fuel, Water, Chemicals & Solvents

**Triad / Superior Boiler**

Non-condensing (hydronic and steam) 10 to 2,500 BHP Electric & Firetube Boilers (gas, oil or combination fuels). Condensing Firetube (gas, oil or combination fuels) 5 to 155 BHP

**US Draft Co.**

Chimney and venting draft control solutions

**Weishaupt**

Gas, oil and dual-fuel burners, 85 to 109,000 MBTU/h, Multi-burner/boiler control systems, process industrial burners
